One of 2 spring producing
sentimentals to entrance into Horse Canyon

Mr. Ware:

Mr. Ware reported his division will help with policing as they have in the past.

It was suggested Sheriff Witt contact the jeep posse and have them inspect and cover the camping areas once or twice per year.

Mr. Taylor:

Mr. Taylor stated they would like some help in the garbage problem. He suggested the county pay 2/5, SWU pay 2/5 and state pay 1/5 of cost of buying large containers and having garbage hauled.

Mr. Duke:

Commissioner Duke stated he felt if strawberry water users are collecting a fee from the fisherman they should include enough to cover the cost of garbage and be responsible in this area. He also stated the \$1.00 fee charged each resident in the county is for the use of the sanitary land fill.. not for the hauling of garbage.

Meeting adjourned at 11:10 P.M.
